Opening Day
Programming
The new Travis Park invites visitors to play games, relax, and picnic with family and friends. The Reopening of Travis Park was made possible in part by a grant from Southwest Airlines to support the City of San Antonio’s placemaking efforts and engage the local community. The year-long programming for Travis Park in 2014 includes fitness events, food trucks, music and more. As one of the oldest municipal parks in the country, the new Travis Park will attract people of all ages to enjoy the history of the park. With the calendar of regular programming and the special events planned throughout the year, Travis Park will be a park for the entire community.
