The Future of Transit & Transit Corridor Planning

New Partners for Smart Growth
February, 2016

www.trimet.org/future
Southwest Corridor
Vision-Based Approach

- Barbur Concept Plan
- Tigard High Capacity Transit (HCT) Land Use Plan
- Linking Tualatin
- Sherwood Town Center Plan

- The transit network is essential
Help make transit better in your community.

We want your input to help plan improvements to transit service, stops and crossings in your community. Between 2013 and 2015, TriMet is asking riders, residents, neighborhood groups, governments, schools and businesses for their feedback to create a long-term vision for transit service. Together, we will identify and prioritize opportunities to improve bus service as well as pedestrian and bike access to transit.
Service Enhancement Plans

A meaningful public engagement for creating a shared vision for making transit better

- Better serve the growing region
- More local and regional service
- Connections to jobs, education and services in communities and throughout the region
The Future of Transit Service Enhancement Plan

Status:
Westside: Service Started
Southwest: Completed
Eastside: Revised Vision Phase
North/Central: Revised Vision Phase
Southeast: Draft Vision
Southwest SEP: Where We Are In The Process

1. **Public Outreach & Research Existing Plans**
2. **Collect & Map Data**
3. **Determine & Share Common Themes**
4. **Draft Transit Service Vision & Partnership Opportunities**
5. **Gather Feedback**
6. **Refine & Finalize Transit Service Vision**
7. **Publish Final Vision**
