Iterative Design - West Colfax

Pop-up Design: Re-imagine West Colfax

PUBLIC COFFEE

presents

Tandem Cups

1. Grab a partner

2. Get your tandem cups

3. Fill the cups with delicious drinks

4. Chat about the prompt with your partner

5. Get to know each other - you've got a whole coffee to get through!

Mind the hole where the strings are tied - liquid can escape through them.

*What do you have to be present to answer?
currently drinking a hot beverage?*
